ENGINEERING
CAREER
STARTED
WITH
ASHRAE!

What You'll Get With Your ASHRAE Student Membership!

You can buy a lot with \$16 – a DVD, a night out at the movies, or a spending fest at the dollar store! The most important thing you can do with \$16 is become an ASHRAE Student Member. This investment has many happy returns.

How Can ASHRAE Help You?

- ASHRAE provides access to new technology
- ASHRAE offers professional development opportunities
- ASHRAE creates opportunities for networking
- ASHRAE hosts career development programs
- ASHRAE offers Continuing Education programs and eLearning programs

Student Member Benefits

- Access to member-only web pages
- Discounts on the ASHRAE Handbook
- Monthly ASHRAE Journal, ASHRAE Digital Journal and ASHRAE Insights newsletter
- HVAC&R Industry and Society Connections eNewsletters
- Complimentary ASHRAE Annual and Winter Meeting registration
- Virtual online HVAC&R resume posting and job searching program

Member Opportunities

Visit the ASHRAE Student Zone for more information on programs and services.

- ASHRAE offers scholarships. There are Society and Chapter-level scholarships for both undergraduate and graduate engineering and engineering technology students.
- ASHRAE offers discounts for student members on certain publications. Visit the online bookstore at www.ashrae.org/bookstore for more information.
- ASHRAE offers an annual Student Design Project Competition. This international competition offers an opportunity to apply your classroom knowledge of practical design to a real project and promotes teamwork.
- Imagine being able to attend an ASHRAE Winter Meeting for the AHR Expo, the Student Program and the Technical Program, as well as being exposed to tremendous networking opportunities for free!
- ASHRAE Chapters offer technical programs on a regular basis and student members are always welcome. Attending Chapter meetings is also a great way to network with industry professionals!
- ASHRAE has great career resources. In addition to using the online program, request the free brochures *Find Your Dream Job in ASHRAE* or *Career Profiles*. These informative brochures can assist you in selecting the right area of the industry and preparing for your career.
- ASHRAE has an Undergraduate Senior Grant Project Program. Through this program, annual grants are awarded to colleges and universities worldwide to promote student research and the study and teaching of HVAC&R. Ask your professor how to apply for one.
- At the student branch level, you'll enjoy meeting other students with similar interests. If your school doesn't have an ASHRAE Student Branch yet, take charge by contacting a faculty member for help on getting one started!

Sixteen dollars doesn't seem like much money when you see what it gets you and where it can take you. And ASHRAE has made it easier than taking a final exam – just fill out the application and return it to ASHRAE! You can also apply online.

You can continue your student membership at \$16 for one year after you graduate and then pay only \$40 for your second and third years out of school before advancing to regular member dues!

What's "Cool" In ASHRAE?

- ASHRAE promotes energy efficiency, energy savings, and energy recovery
- ASHRAE reports on building controls, automation and integration
- ASHRAE focuses on green building issues and green technology
- ASHRAE maintains standards for indoor air quality
- ASHRAE promotes solar and other alternative energy sources
- ASHRAE offers certification programs, online learning opportunities and short courses at ASHRAE Meetings
